Community Peace Radio Show # 68

Date: 6 March 2010

Topic: Call-in show

Participants: Community members who called in to participate

Co-Hosts: Pat Leahan, Dennis Lopez

Summary: The City of Las Vegas just had its municipal election. We have a new mayor and 2 new city councilors. So we decided to open up the phone lines to have our listeners call in to speak directly to our newly elected body. People discussed their pro-active ideas for how to make our community a better place. Folks shared their concerns but also offered help and ideas for improving Las Vegas. A CD of the show will be given to the mayor, each city councilor, and the city manager.

### Pat's Extra Notes:

Apologies to the many listeners who called in but were not able to get on the air. We ran out of time.

Thank you, Mayor Alfonso E. Ortiz, Jr., for the surprise visit to the studio, saying you did not want to be on the air, but you just wanted to listen first-hand to each caller. (I'll tell ya' folks, he took lots of notes during this program.)

Thank you, David, for our CPR intro music:
